

On the rail

Inspired by German express locomotives, the Swedes built eleven Pacific express locomotives in the 1910s. **Märklin** (via **Simba Dickie Group**) has now included these F locomotives in a particularly delicate metal construction for railroad fans. A smoke generator is installed as standard, the cab lighting, the flickering fire in the firebox and the emergency light can be switched on separately digitally.

7A/A-51, B58

The 'Litt F 1200' is a replica of the F locomotives of the Swedish State Railways SJ.

For digging and muddling

The sandpit from **Plum** (distributed by **Authentic Sports & Toys**) is made from high-quality, sustainably produced wood and promises plenty of fun in the great outdoors. The sandpit has rounded edges and two integrated wooden benches with backrests. The height-adjustable sun canopy with a classic striped pattern can be tilted so that children can play in the shade. A protective film for the interior is included, which prevents weeds from growing through and allows rainwater to run off. The sun canopy can be used as a cover for the sandpit when it is not in use.

7/E-34

The sun canopy of Plum's sandpit can be tilted and adjusted in height so that the children can always play safely.

Bounce it!

The 'High Bounce Balls' from **Schildkröt** (via **MTS Sport**) come in a set of three balls each with a diameter of 6.3 cm. They are made of high-density foam. The balls are very grippy, have a rebound effect and achieve spectacular bounce heights thanks to their special shape and different surface structure. They have a 360° all-over print and are designed to help train hand-eye coordination.

7/C-77

The 'High Bounce Balls' from Schildkröt create spectacular bounce heights with the right throwing and playing technique.

Wir bieten Ihnen die passenden internationalen EPR-Lösungen für WEEE, Batterien und Verpackungen, sowie die Product Compliance Ihrer Non-Food-Produkte ...

... und sprechen über 10 Sprachen!

Ist Ihr Produkt
rechtskonform
in puncto EPR?

Wir prüfen Ihr mitgebrachtes
oder fotodokumentiertes
Spielzeug auf Grundlage
einer optischen
Compliance-Bewertung.

Holen Sie sich Ihren **kostenfreien Compliance-Quick-Check-Bericht** zum Mitnehmen. **Nur zur Messe!** Wir freuen uns auf Ihren Besuch.
